

2023 WISE in Saku-Karuizawa  
Creating New Social Values for Sustainable Community

# WISE IN 佐久・軽井沢

Global × Inclusive × Leadership

アイデアをかたちにする 2泊3日のプログラム

Supported by U.S. Embassy, Saku city, Karuizawacho, and Globalgiving

## What is WISE Program?

Under the keywords “Global x Inclusive x Leadership,” we will work together to create an inclusive society where people from different background can maximize their potential. We all know that challenges we face everyday are closely connected to SDGs or social problems, that can turned into (social) business ideas. JSIE will provide opportunities to shape such ideas into plans through group work and to learn leadership styles to bring people in action. We invite any ideas that help us make our society better for the next generation. Please share your ideas/activities tackling social problems in the local/global community. Inquiries for more details, please contact us at [info@jsie.net](mailto:info@jsie.net) or go to [www.jsie.net/en/archives/7588/](http://www.jsie.net/en/archives/7588/)
